THE ORIGINAL AND STILL THE BEST GLUE IN THE BUSINESS! OFTEN IMITATED BUT NEVER DUPLICATED.

The strongest and most effective glue for catching big and small pests. Ready-To-Use, ecologically friendly STICK-EM® Glue Traps are the easy, no-mess way to control rats, mice, roaches, spiders and other crawling insects. Sanitary and easy-to-use STICK-EM® Glue Traps provide for easy disposal of trapped rodents.

Our non-drying, non-flowing glue retains it superior holding power indefinitely and works in all temperature ranges. Our thermo-formed plastic trays help prevent glue seepage problems. Non-Poisonous, solvent free and without noxious odors, JT EATON™ Glue Traps with artificial Peanut Butter Scent attractant are perfect for people-sensitive areas such as homes, apartments and more.

SIMPLE, DEPENDABLE AND ECONOMICAL SNAP TRAPS

Widely known and accepted for years, the traditional snap trap has a continuing place in rodent control. BIGFOOT® snap traps provide the solid construction, reliability, quality and low price JT EATON™ is famous for.

JT EATON™ continues that tradition with the JAWZ™ line of incredibly easy-to-set and extremely effective plastic snap traps. The design allows for easy disposal of rodents with no need to touch any dead mice or rats.

ANSWER®
FOR CONTROL OF POCKET GOPHERS
No. 276

- 1 lb. Package of easy-to-use gopher bait.
- Works on all species of Pocket Gophers.
- 4 Blocks per Package • 12 Packages per Case

FAST KILLING, PROFESSIONAL GRADE RODENTICIDES

The JT EATON™ line of retail rodenticides provides excellent control of rodents. ANSWER® KILLS MICE and KILLS HOUSE MICE bait stations use Bromethalin, a neurological poison that kills mice within 1 - 2 days of feeding. This bait has "Stop-Feed Action" so rodents consume a lethal dose and cease feeding.
This bait is highly palatable to rodents and provides superior performance as both a clean out and a maintenance bait.

ANSWER® FOR CONTROL OF POCKET GOPHERS is a Diphacinone, First Generation bait that is moisture resistant and remains palatable to gophers for an extended period of time in the burrow.
"Two Block" application system leaves adequate bait in the burrow to control gophers invading the burrow after the death of the original gopher. Designed specifically for subterranean use only.
Sold West Of The Mississippi Only.

MADE IN THE U.S.A.

TAMPER-RESISTANT* BAIT STATIONS

TOP LOADER™
RAT SIZE BAIT STATION
No. 902R

- Will hold over 1/2 lb. of JT EATON™ BAIT BLOCK® or TOP GUN™ BAIT BLOCK® rodenticide.

MULTIPLE CATCH MOUSE TRAPS • MECHANICAL MOLE TRAP

Controlling pests sometimes requires traps or products that provide increased capacity or have requirements not met by traditional pest control products.
JT EATON™ created these products with those special needs in mind.
The Repeater™ and Little Pete® Multiple catch Mouse Traps are the humane, no kill way to catch mice.

Whether there are only one, two or a larger infestation, no poisons are needed.
Mice enter looking for harborage.

The ANSWER™ Mole Trap effectively traps moles in most soil types.

AMERICA'S NO. 1 GLUE TRAPS WITH GENUINE STICK-*EM*® GLUE

JT EATON™ PROFESSIONAL GRADE Glue Traps are sanitary, easy-to-use and provide for easy disposal of trapped rodents or insects. Our PROFESSIONAL GRADE glue traps use the same great non-drying, non-flowing, famous STICK-EM® glue that retains its incredible holding power indefinitely at wide temperature extremes. The thermo-formed trays help prevent seepage problems.

These are the perfect non-mechanical, non-poisonous rodent control solutions. Great for people-sensitive areas such as homes, apartments, nursing homes, hospitals, restaurants and more.
All have artificial Peanut Butter Scent attractant.

STICK-EM® Glue Traps are USDA approved.

PROFESSIONAL GLUE BOARDS

MADE IN THE U.S.A.

EXCELLENT CONTROL FOR ALL TYPES OF RODENTS

We are pioneers in the manufacture of rodenticides and originators of the BAIT BLOCK® style of rodenticide baiting. These large sizes allow for the control of large infestations of rodents. They work well as clean-out baits and ongoing control when rotated to prevent rodent bait shyness.

All BAIT BLOCK® rat and mouse rodenticides have center holes for securing bait with bait securing rods provided with all JT EATON™ "Tamper-Resistant" bait stations. All JT EATON™ professional rodenticides are packed in "Tamper-Evident" resealable plastic pails.

NON TAMPER-RESISTANT BAIT STATIONS

RAT SIZE SAFE TEE™

OUTSTANDING BAIT PROTECTION & SECURITY IN RAT SIZE STATIONS

We set the standard for quality in tamper-resistant bait stations by providing the industry with easy to install and easy to clean bait stations in a wide variety of styles and sizes.

Many are made from the highest quality plastic to provide strength and durability. The STRONGBOX™ bait station is made of super tough Galvanized Steel to ensure strength and durability.

When properly secured, these rat size bait stations will provide exceptional service and peace of mind to the PCO and customer alike. Our rat size bait stations are also great for controlling large infestations of mice using JT EATON™ quality rodenticides.

Bait stations labeled as Tamper-Resistant must be secured to the ground or floor or immobilized in some other way to qualify as Tamper-Resistant by EPA standards.

DURABLE, GALVANIZED STEEL, PROFESSIONAL STYLE TRAPS

JT EATON™ Galvanized Steel Multiple Catch Mouse Traps meet the tough demands that PCOs require of the products they purchase. Our Multiple Catch Mouse Traps are the perfect choice for large infestations of mice. No bait is needed in these traps, mice will enter looking for harborage.
We also offer these traps Powder Coated for added durability and longer product life.

BENEFITS OF POWDER COATING
- Impact and Abrasion Resistance
- Muriatic Acid resistant, a must in chemical plant or food processing companies
- Nitric Acid Resistant, Detergent Resistant and Window Cleaner Resistant
- Corrosion Resistant to look fresh and new for an extended period of time
- Easily cleaned - a time and money saver
- Humidity and Salt Spray resistant
- One year independent testing in Florida showed only slight fading and chalking of coating

MULTIPLE CATCH MOUSE TRAP CABLE
No. 430

- Use With ALL JT EATON™ Multiple Catch Mouse Traps, Including *SPEEDY CLEAN*®.
- 24 Per Case

OUR NARROWEST MULTIPLE CATCH MOUSE TRAP

Professional Pest Control Operators asked for a multiple catch mouse trap that would fit in tight areas and could be placed out of the view of customers. This is how the Little Pete® was created. PCOs had a need and JT EATON™ delivered.

Little Pete® mouse traps use the same quality Galvanized Steel construction as the Repeater™ but are 55% narrower. This allows them to be placed in areas never before possible. Little Pete® mouse traps can hold up to 10 mice and accept the No. 166 Glue Board Insert.

Little Pete® has U.S. Patent No. D660,394 and Canada I.D.C.R. No. 138753

SAVE TIME WHEN CLEANING REPEATER™ MOUSE TRAPS

Time is money - ask any Professional Pest Control Operator. That was the inspiration for the SPEEDY CLEAN® line of Multiple Catch Mouse Traps. The ramps of the SPEEDY CLEAN® style mouse traps lift out quickly and require *NO* tools to service. Simply lift the ramp out by the attached handle to clean.

It is also easy to replace the ramps with the guides on the trap base. The guides are positioned in a way that the ramps can only be placed in the proper direction.
Fast, easy and virtually foolproof, that's the SPEEDY CLEAN® way.

PROFESSIONAL BIRD REPELLENT

4 the Birds®
TRANSPARENT BIRD REPELLENT GEL
No. 666N

- 10 oz. Caulking tube
- 12 Tubes per Case

4 the Birds®
TRANSPARENT BIRD REPELLENT LIQUID
No. 677

- 1 Gallon Container
- 4 Gallons per Case

NON-TOXIC BIRD REPELLENTS CAUSE NO HARM TO BIRDS

The ecologically friendly way to rid buildings of pest birds without harming them. 4 the Birds® comes in a sprayable liquid or as a gel in caulking tubes. The tacky material is uncomfortable to the feet of birds which discourages them from staying.

Industry Proven For Over 40 Years

4 the Birds® Gel is easily applied with a standard caulking gun to almost any structure where pest birds rest, roost or nest, i.e., structural areas such as, ledges, chimneys, sills, roofs, air conditioners, signs and other structural details.
4 the Birds® Liquid can be applied with a brush or spray equipment as directed to inside building beams and outside to bushes and bare trees in the fall or winter months.

MADE IN THE U.S.A.

4 the Birds® Technical Manual Available On Request And Online At: www.jteaton.com

SYNERGETIC™ FLYING INSECT LIGHTS

SYNERGETIC™ HORIZONTAL FLY LIGHT with LOUVERED OPENINGS
No. 1500LV

- Includes one-piece glue board and two Shatterproof Bulbs.
- UL approved, operates on only 38 watts of power.
- Can be used free standing or wall mounted (hardware included). Perfect for kitchens, bars and other food preparation areas.
- Attracts flies and other insects within 1080 square feet.
- 18 3/4" L x 5 3/4" W x 9" H

No. 1515GB

- Packed 10 per Package

SYNERGETIC™ UPLIGHTER
No.1515

- Includes one Non-Shatterproof Bulb and one glue board.
- Modern styling provides pleasing aesthetic for customer facing locations.
- Silent operation is the perfect choice for large lobbies, bars and dining areas.
- Trapped insects are hidden from view.
- Built-in safety feature, unit must be unplugged to change bulbs and glue board.
- Front panel folds down for easy maintenance.
- Bulb removal and replacement requires no tools.
- Wall mount with included hardware.
- Attracts flies and other insects within 98 square feet.
- 21" W x 7 1/2" H x 6" D

SUPERIOR FLYING INSECT PROTECTION PROVIDES PEACE OF MIND

The No. 1500LV and No. 1515 Uplighter lights feature the patented "Green Light" technology that catches 30% more flies than other color bulbs.* Green light degrades much slower than standard blue UV lights, maintaining peak performance for up to one year. No need to change bulbs as frequently. Durable, all metal construction-easy-to-service.

The No. 1530 Plus + Zap combines modern styling with the effectiveness of a zapper grid. All lights are effective on male and female fruit flies, wasps, mosquitoes, moths, pantry pests and flies.

SPECIALTY TOOLS

INSECTICIDAL DUSTER with GREEN POWDER COAT
No. 530-GN

- Puffer Duster has GREEN powder coat for fast identification.
- Insulated tip to help prevent electric shock hazard when using around electric light switches and outlet boxes.
